

# ThedaCare

Operational Leadership: Surgical Services and Outpatient Services.

Join a cohesive, collaborative leadership team in a one-year-old hospital in a beautiful north woods community. As Patient Care Manager, you'll oversee day to day operations of the surgical and outpatient services, and develop strategies for growth in both departments. You'll manage the 24/7 operation of the departments, supported by 2 leads. You'll join a pool of other clinical leaders for in-house supervision after hours and on weekends, as well as administrative weekend call.

ThedaCare Medical Center-Shawano is a busy rural hospital supported by on onsite family practice clinic. In addition, both surgical and outpatient services receive referrals from other area primary care and specialty clinics. As a part of the ThedaCare team, you'll be able to participate in clinically- driven shared governance and draw on the resources of a 7-hospital, and over 30 clinic locations.

In your leadership role, you'll oversee:

- Surgical Services – just over 3000 cases a year
  - 10% inpatient and 90% outpatient surgical cases
  - Types of cases include general surgery, orthopedics, GYN, C-sections, urology, endo, dental, and cataracts
  - 14 prep and recovery rooms
  - PACU
  - 3 OR suites; staffed with RNs, LPNs, HUCs, and surgery techs
- 6-room outpatient area staffed with RNs and HUC
  - Growing service line for infusion therapy and wound care

BSN required, and/or additional education preferred. Licensed and currently registered as a RN in the state of Wisconsin. 3-5 years acute care / OR experience. Minimum two years prior management experience / OR management preferred.
