

Join our team of dedicated, progressive health professionals who are committed to meeting the needs of our community.

The Vice President of Patient Care Services supports a collaborative approach to patient-centered care. This position is supported by the nursing supervisory team and Managers/Directors within Med/Surg, Birthing Center, ED/Urgent Care, Surgery, Quality Services, Cardiopulmonary Services, Hospitalist Services, Clinical Education, Pharmacy, Anesthesia, Ambulance Services and Aspirus Medford Kidney Care. Responsibilities include the delivery of high quality, safe patient care across the continuum in support of population health. This position plays an integral role in promotion of teamwork, implementation of strategic planning and is a member of Senior Leadership.

Qualified candidates will have a valid WI RN license, a minimum educational level of BSN with advanced courses related to business administration and management with five years progressive management experience in a hospital or multi-system health care setting.

Everyday at Aspirus Medford Hospital & Clinics we take great pride in knowing that our success is something that comes from within everyone of our employees. It is this sense of family, friendliness and warm community that makes us stronger and brings us together. It is why our professionals stay and spend their careers with us.
