

HOUSE SUPERVISOR

Mile Bluff Medical Center has full time and part time House Supervisor positions available. The house supervisor is responsible for the assessment, coordination, implementation, and evaluation of the delivery of safe and effective patient-centered care during their assigned shift. The house supervisor will facilitate, precept, and mentor staff and team members to grow professionally and advance their knowledge and skills. They will continuously assess unit needs to ensure adequate resources for current and upcoming shifts by collaborating with other departments, clinical and nonclinical, to coordinate timely admissions, transfers, and discharges of patients. The house supervisor will demonstrate professionalism at all times, meet regulatory and policy requirements, engage standards of practice, and hold team members accountable for safe, competent practice, quality care, and continual improvement. Benefits are available.

Qualifications: BLS,

ACLS, PALS, NRP within 12 months of hire

Graduate of an accredited school of nursing

BSN preferred
